more

The club trains at the Legon Swimming Pool. During the three years of its existence, it has managed to attract much interest in swimming as a sport and recreational activity, particularly among young children. Beginning from 2013, the club has competed in every major swimming competition in Ghana and our **Sharks** have won several medals and honors. Our vision is to produce world class champion swimmers for Ghana in the next 5 to 10 years.

Last year's competition was a great success. We are riding our experience and on the back of that success to make Legon Swim 2018 even more successful.

The general public is invited.
